Increasing focus and motivation through mentoring and coaching

Our industry expertise is built on years of successful coaching and mentoring partnerships with leading organisations. Participants benefit greatly from the support network and knowledge-base of our current mentors across the sector, and our programmes have a positive impact on diverse work groups which can enhance working relationships and communication across businesses.

This one-day practical programme focuses on using coaching and mentoring to motivate and empower your organisation, the programme covers:

- The fundamentals of coaching and mentoring
- The value of a positive learning culture
- Embedding a mentoring culture
- Insights from established mentors across industry
- How to use coaching to improve performance and staff-retention
- Different mentoring styles - learn yours
- Practical hints and tips on mentoring and coaching success
